SENIOR ADVICE

Page by: Alejandra Ruiz

"The biggest word of advice that I could give an underclassman would be to never procrastinate. I soon realized my freshman year that it only makes things worse for you and your grades. Also, try to make new friends, because for me, I only really hung out with my closer friends and now that I'm a senior, I regret it because I've met so many new people, and I wish I had more time with them. One more thing is to join clubs, sports and even try new or harder classes. These were some of the things that I have learned over my 4 years at Decatur High School."

-Cami Wicker

"If there is a will, there is a way. :)"

-Ji-Min Song

"Enjoy it while it lasts."

-Matteo Carrizales

-Abraham Ruiz

"It's okay if you don't know what you're going to do for the rest of your life, slow down, enjoy life and let your calling find you. You may be surprised."

-Jemima Garcia

"The most important thing you can do is get involved. I can't stress that enough. When you get involved, you make friends from all groups, become more active in school decisions and have more of a voice. Getting involved with band and yearbook and class office, as well as NHS and SNHS, definitely looks good on your resume, but also it makes you realize the impact you leave at DHS. Getting involved really helps with scholarships too, because the more active you are, the more likely you're to get chosen. Getting involved takes time, and it may seem stressful, but it helps you prepare for a world of getting involved in other programs outside of high school."
